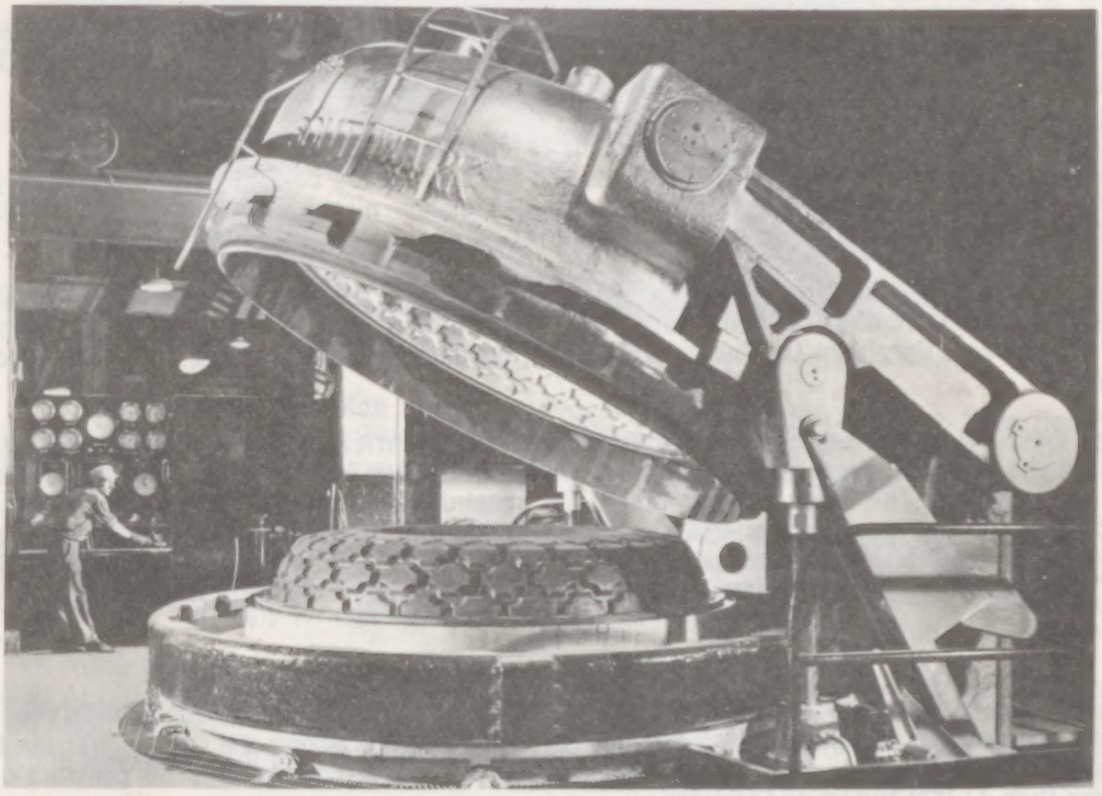
AKRON, OHIO

"THE RUBBER CAPITAL OF THE WORLD"

Akron, a northern Ohio city of 273,300 persons, located in Summit County with a population of 550,000, has gained fame through the years for outstanding leadership and contributions in many varied fields.

The city is probably best known as the "rubber capital of the world." It is the hub of the globe-girdling rubber companies whose vast networks of fabrication plants and retail outlets play such an important role in our economy. This vital Akron-born industry alone represents more than four billion dollars annually. Akron is the world headquarter city for four $1 billion companies.



GIANT TIRE MACHINERY

Rubber has been the big employer in Akron for nearly half a century. The city is the headquarters for administration, sales, financing, distribution and research for B. F. Goodrich Co., Goodyear Tire & Rubber Co., Firestone Tire & Rubber Co., General Tire & Rubber Co., and Mohawk Rubber Co. Seiberling Rubber Co. is located at nearby Barberton. In addition there are a number of smaller specialty rubber companies in Akron.

A399680

AIRDOCK AND PORTION OF GOODYEAR AIRCRAFT CORPORATION

Goodyear Aerospace Corporation's impressive Airdock, completed in 1929, was erected to house the rigid airships, USS Macon and USS Akron, each of which was 785 feet long and had a capacity of 6,500,000 cubic feet.

The Dock is approximately a semi-paraboloid shape, well described as a half of a silkworm's cocoon, cut in two the long way. It is 1175 feet long, 325 feet wide and 211 feet high. Its 364,000 square feet of floor area makes it the largest single uninterrupted space yet built.

In a comparative sense, the Dock's height is equal to a 22 story building; it is the largest structure in the world without interior support; ten football games could be played simultaneously under its roof. It is so big, in fact, that the engines on the airships can be "run up" inside the structure without discomfort to workmen or danger of carbon monoxide poisoning.

In effectively launching and docking huge rigid airships, the Dock had to be designed to reduce air-current interference to a minimum. It was with this thought in mind that Dr. Karl Arnstein, GAC's retired Vice President in Charge of Engineering, specified the building as a semi-paraboloid structure.

The most unique feature of the Dock is probably its identical spherical doors with their supporting trucks and operating mechanism, with individual power plants separately housed at each end of the building. The doors are two-piece and shaped somewhat like one-quarter of an orange peel. Each of the four sections weighs 600 tons. The doors are fastened at the top by huge hollow-forged pins 17 inches in diameter and six feet long. The doors rest on 40 wheels set radially on curved standard railroad track. Time of opening or closing is approximately five minutes.

DIVERSIFIED INDUSTRY

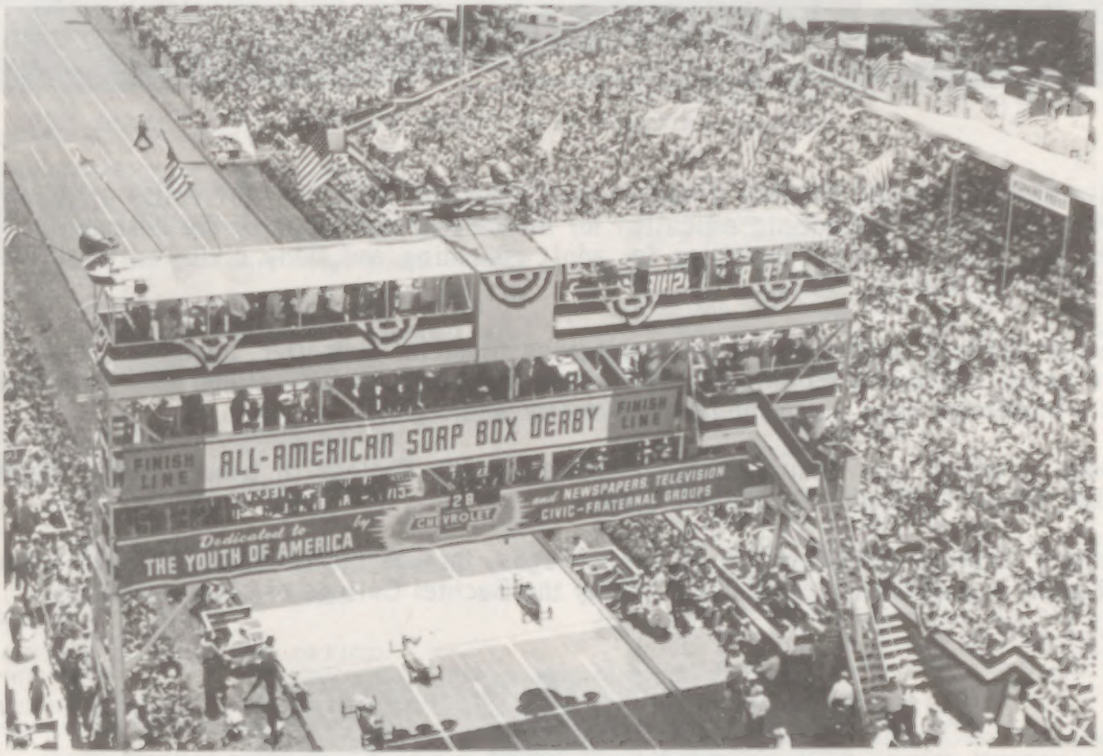
Akron is also well known as the birthplace of the trucking industry. The enterprising rubber producers, sensing an important new market for their tires, were among the first industries to ship by truck. Today Akron is headquarters for 113 motor freight companies and 58 contract carriers with more than 17,000 trucks and trailers.

Also located here is the Saalfield Publishing Co., publisher of children's books, the largest concern in its respective field.

Metal working is another important industry. The units of this industry range from small tool and die shops to big factories producing machinery used in the rubber industry and other similar types of business.

Many new industries – such as Chrysler Corporation Stamping Plant, Euclid Division of General Motors Corporation, and Massey-Ferguson Corporation plant and offices – have been attracted to the Metropolitan Area because of the availability of excellent plant sites, exceptional water supply, accessible raw materials, a large pool of technicians, skilled and semi-skilled workers, rail, air, water and motor freight transportation and abundant electric power at low rates.

The diversified list of other products made in Akron area plants includes chemicals and plastics, salt, clay products, paint and varnish, paper and boxboard, porcelain products such as glove forms and insulators, aircraft parts, heating and air-conditioning equipment, storm windows and doors, mattresses and upholstered furniture, concrete blocks, electric motors, wire drawing machinery, marine equipment, molds for rubber and plastic manufacturers, rubber toys, fabricated and wrought iron steel products, tools, both hand and power, and wood turnings.



FINISH LINE AT AKRON'S ALL-AMERICAN SOAP BOX DERBY

Akron has gained world wide fame as the host city for the All-American Soap Box Derby and such famous golf events as the 1960 and 1966 PGA Tournaments. Akron also hosts the PBA Tournament of Champions, the American Golf Classic, the World Series of Golf, and the CBS Golf Classic.

Since 1934, with the exception of four war years, the ALL-AMERICAN SOAP BOX DERBY has carved a significant place for itself as a vital youth event in America. Each year, Akron, Ohio, the home of the ALL-AMERICAN, rolls out the royal welcome mat for 250 local champions from all over the United States and many foreign countries for this "greatest amateur racing event in the world."

The entire business district is lavishly decorated in Derby colors and banners, and Main Street becomes ALL-AMERICAN BOULEVARD for the festivities during "Derby Week." To make certain each "Champ" is identified to the tens of thousands of visitors that pour into Akron, giant placards along the Boulevard feature the name of each boy and the city or country he represents.

The Akron Area Chamber of Commerce, its committee, merchants and the entire community join together to make every Derby Boy feel that he is a true champion, for each entrant in the ALL-AMERICAN has earned the honor of competing for national recognition and over $30,000 in scholarships and other prizes by winning the grand championship in his local derby "back home."

The 250 Champs competing at Akron actually are representing some 80,000 boys who experienced the thrill of creating a racer with their own skill and ingenuity and entering in competition with other fine boys like themselves.

AKRON UNIVERSITY STUDENT CENTER

As a state institution serving a world famed industrial area, the University of Akron strives to provide an excellent academic education for the college-age youth of the community. In addition, the University provides facilities for adult education and many civic, cultural and educational community events.

Buchtel College, named for its most generous financial supporter, John R. Buchtel, became the core of the University of Akron in 1913 when all assets of the college were accepted by the City as a foundation upon which the new University would grow.

Today, students can earn bachelors' degrees in the College of Liberal Arts, Engineering, Education, Business Administration and Law.

Masters' degrees are offered in all the colleges, through the Graduate Division. The Doctor of Philosophy degree is offered in Chemistry by the Buchtel College of Liberal Arts.

AKRON YMCA

The Akron Young Men's Christian Association serves 34,468 members, of whom 24,827 are under age 18, in 11 branches in the Metropolitan Akron Area. Programs feature gym and swim classes, boys' clubs, hobbies and crafts, citizenship training, informal education, teen-age parties and special family activities. Attendance at these various activities annually exceeds 1,800,000.

DOMESTIC POSTAGE RATES

FIRST CLASS

All first-class mail weighing 13 ounces or less except postal and post cards, 6¢ per ounce. Over 13 ounces Air parcel post rates apply.

See air parcel post schedule for rates on first-class mail weighing more than 13 ounces.

Single postal cards sold by the post office, 5¢ each. Double postal cards sold by the post office, 10¢ (5¢ (each half). Single post cards, 5¢ each. Double post cards (reply half of double post card does not have to bear postage when originally mailed), 10¢ (5¢ each half).

Business reply mail: Cards, 7¢ each. Other than cards: Weight not over 2 ounces, 6¢ per ounce or fraction of an ounce plus 2¢ per piece. Weight over 2 ounces, 6¢ per ounce or fraction of an ounce plus 5¢ per piece. Over 13 ounces, Air parcel post rates plus 5¢ per piece.

7 ounces or less: Air postal or post cards, 8¢ each. Letters and packages, 10¢ an ounce. Business reply: Air cards, 10¢ each. Airmail other than cards: Weight not over 2 ounces, 10¢ an ounce, plus 2¢ per piece. Weight over 2 ounces, 10¢ an ounce, plus 5¢ per piece. Weight over 7 ounces, Air parcel post rates plus 5¢ per piece.

SECOND CLASS

Newspapers and Periodicals (Transient rate): 5¢ for the first 2 ounces and 1¢ for each additional ounce, or fraction thereof; or fourth class rate, whichever is lower.

THIRD CLASS

Miscellaneous: 6¢ for the first two ounces and 2¢ per ounce for each additional ounce, up to but not including 16 ounces.

Bulk Third Class: Not less than either 50 pounds or 200 separately addressed pieces (identical). Apply at P.O. for permit.

Miscellaneous: 22¢ for each pound or fraction but not less than 3.6¢ per piece.

Books, Seeds, Bulbs: 16¢ for each pound or fraction, but not less than 3.6¢ per piece. Must be separated by states and offices. Matter mailed at bulk rates can not be registered, insured, or sent C.O.D.

FOURTH CLASS PARCEL POST

Includes printed matter, merchandise and all other matter weighing 16 ounces or more, except first and second class matter.

(a) Parcels mailed at a first-class post office for delivery at another first-class post office (in continental United States only).

(1) Limit of Weight — 40 pounds, local, first, and second zones; 30 pounds third through eighth zones.

(2) Limit of size — 72 inches length and girth combined.

Exceptions—Parcels mailed on, or addressed for delivery on a rural or star route, or parcels containing baby fowl, nursery stock, agricultural commodities (not including manufactured products thereof), or books, subject to limits of size and weight prescribed in (b) below.

(b) Parcels mailed at, or addressed for delivery to, any second-, third- or fourth-class post office, or mailed to or from any Army Air Force, or Fleet Post Office, or to or from any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands:

(1) Limit of Weight — 70 pounds.

(2) Limit of Size — 100 inches length and girth combined.

In measuring a parcel the greatest distance in a straight line between the ends (but not around the parcel) is taken as the length, while the distance around the parcel at its thickest part is taken as its girth.

Letters: 6¢ for each ounce or fraction thereof to the following countries: Canada and Mexico.

Postal Cards: Single 5¢, Double 10¢.

TO ALL OTHER FOREIGN COUNTRIES:

Letters: 13¢ for 1st ounce, 8¢ each additional ounce.

Postal Cards: Single 8¢, Double 16¢.

Printed Matter: Including Newspapers to all foreign countries except Canada and Mexico, 6¢ for first two ounces and 4¢ for each additional two ounces.

Parcels: Rates and conditions vary to different countries; call at Post Office.

Service For All . . . .

Cuyahoga Falls, rich in the heritage of the Northwest Territory, is particularly proud of a special recognition bestowed upon the community. A national news magazine called the city "one of the 24 nice places to live in the United States," and the community's nearly 50,000 residents are in agreement with that view. A fine locale with excellent schools and shopping facilities, Cuyahoga Falls is a good place in which to raise a family. There are approximately 15,000 homes in the city with 82 percent owner or buyer occupied.

While most of the residents work in either Akron or nearby Cleveland, the city has much to offer in industrial facilities with more than 75 plants producing rubber, food and dairy products, furniture, wood products, plastics, machine tools, wire drawing machinery and small parts. Outstanding cultural and recreational facilities, including an Olympic-size swimming pool for national A.A.U. swim meets, and a new Natatorium featuring year-round swimming are available. One of the few municipal pools in the nation that is covered by an air structure; this outstanding feature of the community affords indoor swimming for nine months and outdoor swimming for the three summer months for the area residents.

The Cuyahoga Falls Chamber of Commerce, an affiliate of the Akron Area Chamber of Commerce, plays an important role in coordinating many activities which contribute to the city's progress.

137 South Main Street
AKRON, OHIO

Cuyahoga Falls covers an area of 8.695 square miles at an altitude of 1,109 feet above sea level. Included in the city area are more than 325 acres with 14 sites of parks and playgrounds.

Founded in 1812, the city more than doubled its population between 1910 and 1920 and again between 1920 and 1930. It has more than 141 miles of streets of which more than 103 are paved; 118 miles of sanitary sewers; 134 miles of water mains and 65 miles of storm sewers.

Cuyahoga Falls offers the consumer public more than 300 retail stores, including chain department stores and independently owned, plus professional men for all types of services.

The Cuyahoga Falls Municipal Swimming Pool at Waterworks Park is annually the scene of swimming meets recognized by the National A.A.U. (Amateur Athletic Union). The pool has a capacity of more than one million gallons of water, is 75 feet wide, and 325 feet long. Over 160,000 people annually participate in its usage.

CUYAHOGA FALLS FIRE DEPARTMENT

Cuyahoga Falls has one of the most modern, completely equipped fire departments of any city of comparable size in the State of Ohio.

Because of the department's fine fire prevention program, the city enjoys an excellent fire safety record. Only three major fires have occurred in the past 30 years.

RESIDENTIAL SECTION OF CUYAHOGA FALLS

The City of Cuyahoga Falls is blessed with an immense natural beauty and the people have capitalized on this beauty as part of the charm of both the modest and more elaborate homes. Interesting variety in style is seen as you drive throughout the community. The architectural types range from colonial to modern homes of steel and glass.

BARBERTON, OHIO

"The Magic City"

LAKE ANNA, A NATURAL SPRING-FED, TEN ACRE LAKE SITUATED ONE BLOCK FROM DOWNTOWN BARBERTON.

Barberton, Ohio, a city of 36,000 population, is located in the Southwestern section of Summit County. It is probably best known as the "Magic City" because of its early rapid growth after it was incorporated in 1891. Visitors are greeted with tree-lined streets, beautiful parks and picturesque Lake Anna, which give the city a small town atmosphere even though it is noted as one of the most heavily industrialized cities of its size in America.

BARBERTON MUNICIPAL BUILDING

Barberton covers an area of 7.9 square miles. Included in the city are more than 126 acres of parks and playgrounds and a natural ten-acre lake situated one block from downtown Barberton.

The Barberton Area is rich in folklore and historical traditions. Once the home of the Delaware Indians of the Algonquin Nation, the area was the site of a vital portage which linked the Great Lakes and Ohio River. Prominent in the early history of the area was Chief Hopocan, King of the New Portage.

Later, early pioneers established homes and businesses in the area. Industrial growth was spurred by the opening of the Ohio Canal. Johnson's Corners, a section of the Barberton Area, became a key stop for stagecoach lines crossing the country. The Johnson's Corners area also assumed prominence during the pre-Civil War era as one of the stations in the "underground railroad," which smuggled escaped slaves into northern states.

In 1890, an Akron businessman, Ohio Columbus Barber, founded his own community following a disagreement with the City of Akron over taxes. The new town, called Barberton, was incorporated in 1891 for $100,000. Today that $100,000 has grown into an investment of over $60,000,000.

EMPLOYEES AT B & W'S BARBERTON WORKS USE MODERN EQUIPMENT TO DRILL HOLES IN HEADER. COMPONENTS SUCH AS THESE ARE USED IN STEAM GENERATING EQUIPMENT.

Barberton's Industrial Family, which numbers over 50 firms, is headed by the community's largest company, Babcock & Wilcox, which is best noted for its steam generating equipment. Other major firms include PPG Industries, Inc., The Seiberling Tire & Rubber Company, Weather Seal Division—Georgia Pacific Corporation and Sun Corporation.

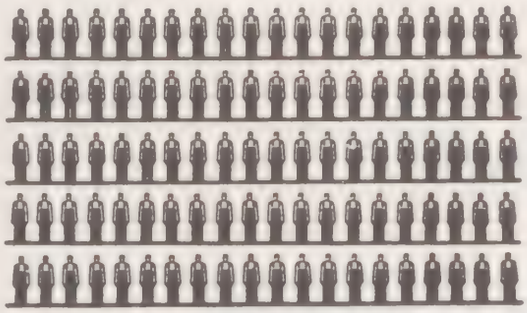
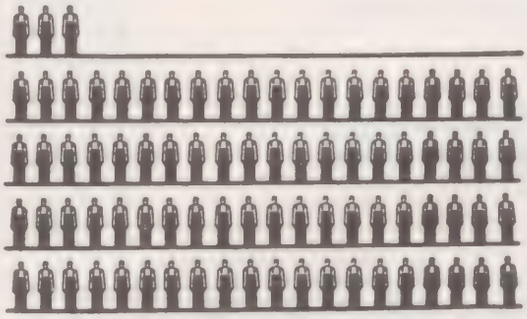
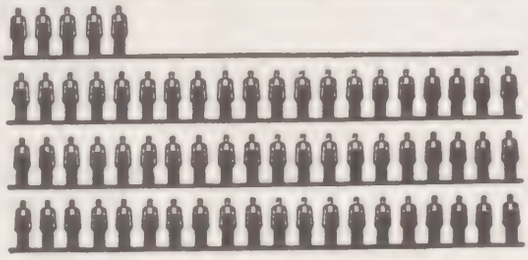
HOW MANY CHANGES IN A YEAR?



Out of every **100** People as listed in the last Directory



16% to **18%** Move away or die



17% to **19%** "New" people move into town or reach listing age.

(All that's left that's good)

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

SPECIAL

CLASSIFIED

ADVERTISING DEPARTMENT

AND

BUYERS' GUIDE

OF THE

AKRON CITY DIRECTORY

1970-71

This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 82 years.

Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

THE OLD "SQUARE RIG" DAY'S ARE GONE!

The old square rig days meant proper trimming of sails and the correct tack—otherwise disaster. Get rid of your "square rig" advertising—try the Directory—referred to by thousands, your ad will stay on its course.

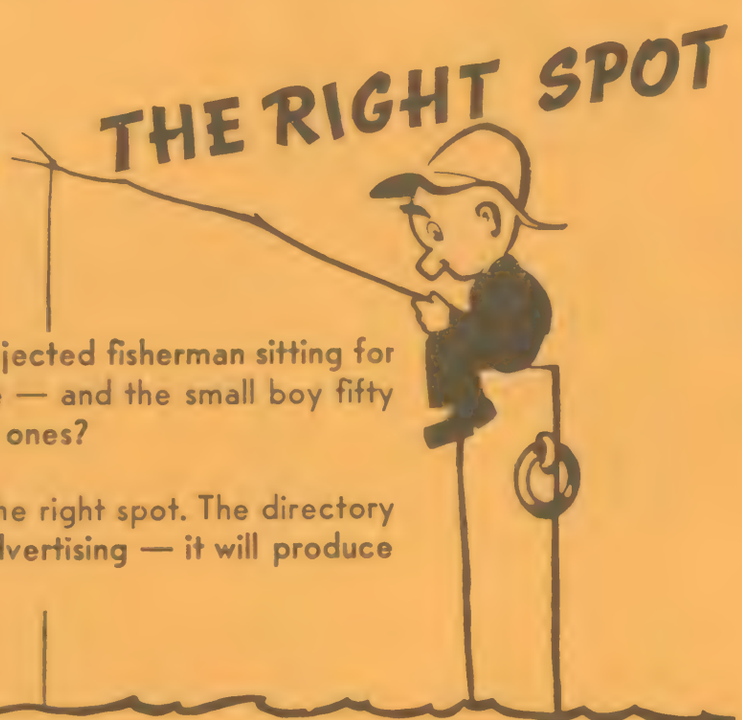
FISHING IN THE RIGHT SPOT?



Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

use your Directory - the RIGHT SPOT

Names Appearing In Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Names Appearing In Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

. . . Patronize Them
